Hard Skill

- Basics of semiconductors
- Circuit Design

Education Background

- Bachelor of Technology

  SVR Engineering College

  Grade : 7.84

  Year : 2019 - 2023

- Intermediate

  Rao's jr College

  Grade : 9.63

  Year : 2017 - 2019

- SSC

  KGBV School

  Grade : 9.3

  Year : 2016 - 2017

About Me

I am looking for a challenging job with a rapidly growing organization that can provide me with a range of goals and job objectives within a contemporary and economical business setting.

Project

SMART IOT BASED DISASTER MONITORING AND MANAGEMENT SYSTEM FOR DAMS

"Smart IOT Based Disaster Monitoring and Management System" in Oman Dams by integrating IOT devices, including water level sensor,Arduino and other complementary equipment. The idea of this research paper is the smart IOT system will collect all real time parameters and weather conditions all around the dam.The sensors will be all over the dam and connected to the Arduino that are responsible for collect the data and send to the node MCU which are connected with Arduino.Then the node MCU will transform the data to the cloud service and then will show in app for the employee in the dam.

Achievements

- I participated in science fair project and I received a certificate.
- I took part in voice leadership camp and I got certificate.
- I am associated with an essay writing conducted by pragati mahila rural development society and I got 2nd prize in that competition.

Languages

- ENGLISH
- TELUGU

Date Of Birth

10/07/2002

Technical Skills

- ## Java

  - Good in Features of Java,Looping Statements and Control Statements .

  - Proficient in Keywords,Tokens and Methods.

  - Excellent in Constructors and Objects.

  - Very Good in Oop's concepts like Encapsulation,Polymorphism,Inheritance and Abstraction.

  - Best Knowledge in all Basic concepts.

- ## Web Technology

  - ### HTML

    - Good in basic Tags,Tables,List,Forms and also all Hyperlinks.

  - ### CSS

    - Proficient in Creating Responsive web pages,Animation and also all Psuedo selectors.

    NOTE : Using HTML & CSS I created these web pages are **Netflix.com, Surprise.com, Shadi.com, Knight bite, Image Gallery,Instagram,Frozen Yougurt & Youtube.**

  - ### JAVA SCRIPT

    - Very Good in creating static and dynamic web pages.

    NOTE : Using HTML,CSS & JAVA SCRIPT I created these Web Pages are **API Fetch, Facebook Login Page, Digital Clock, Generate OTP, Calculator & Validation page.**

  - ### BootStrap

    - Good in creating web pages using CDN links with Bootstrap Technology.

Declaration

I do hereby declare that the above information is true to the best of my Knowledge.
